

Small Finca Hotel

In this typical Finca hotel you can still feel the Mallorca of bygone days. On one side the modern small suites and on the other side the old walls with the old oil mill and the Tramuntana mountains in the background. No matter whether you want to experience the ceremony in the nearby church or in the garden of the finca, here the champagne reception can take place in the patio of the finca and the dinner at the pool or in the courtyard in front of the finca. This Finca is suitable for small wedding celebrations as well as large celebrations.
